

MISSA 2010

Throwing – altered forms

Conner Burns

Student Supplies

- **General assortment of throwing & trimming tools – whatever you are comfortable using – Conner will use a variety of sherrill mudtool ribs (the synthetic and metal) as well as some general throwing tools**
- **General assortment of handbuilding tools – Conner will use some modelling tools and some serrated ribs – that is about all.**
- **Rolling Pin & slats (for slabs)**
- **Canvas or other work surface for rolling slabs and placing ware.**
- **4 Ware Boards**
- **1 Banding Wheel – Conner uses a banding wheel often. Students will find one useful**
- **12 Throwing Bats: a dozen bats – one large size – preferably non-porous**
- **Masking Tape**
- **Thin plastic wrap – for covering work in process, a roll would be nice – the thinner the better**
- **200 Clay: amount, type, cone temperature: I will use about 200 pounds of clay, students use of clay will vary with their productivity – type – dense white stoneware (b-mix if possible), cone – 10 (since we are not firing – I am flexible)**
- **Sponges and buckets for clean-up**
- **Old hand-towels**
- **foam – carpet foam roughly the size of a ware board. If not possible, a quantity of towels can be completely adequate.**
- **Notebook, if desired.**
- **Conner would enjoy seeing images of student work (if you want to share) and/or images of items that inspire you. Neither of these are required.**
