To inspire you with ideas for your piece of art, I'd like to ask you to bring memories of a trip, an adventure or a person.

Please bring anything that reminds you of the trip, the outing or the person: a postage stamp, a map, a postcard, a picture(s), small artifacts like a wine label, beads, coins, notes, entry tickets. It doesn't matter, anything will do. Please make sure you also bring a few **Laser photo copies** of your memories.

Note: laser copies work better than copies printed from your own home computer (often ink jet).

Also bring colour photographs. Too dark, blurry, anything will do. We are going to change them and incorporate them into your art piece.
